**SEW N PRESSED**

LIN  
brings 40 years  
of sewing and 10 years  
of digitizing experience to the  
home embroidery/sewing world. She  
has designed several exclusive display garments,  
which portray her unique creative style of a combined  
with advanced precision sewing and digitizing techniques.

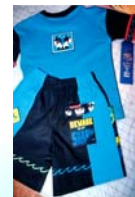

The Robison-Anton Textile Company sponsors her embroidery  
thread supplies, which allow her to enrapture the true colors of  
her enthusiasm for embroidery with a sparkling imagination.

Examples of these whimsical creations are featured on the  
[www.Babylock](http://www.Babylock) and [www.artisticthreadworks](http://www.artisticthreadworks) website  
as well as in educational videos, national publications  
and training materials. Lin has featured endless  
possibilities of embroidery  
with sewing and  
digitizing in  
seminars.

Her high level  
of expertise with embroidery  
digitizing software greatly encourages the  
learning experience on all levels of computer software.  
She remains well versed in the home industry of machine  
embroidery software. Seminars are full of-spirit by  
Lin's presentation of expertly sewn samples.

Lin resides in Pacifica, CA and has won  
several awards for her designs and  
sewing expertise. Now traveling  
and designing exclusively as  
Principal of Sew N  
Pressed.
